Reflecting on the Swedish chemical industry in 1916, the chemical engineer Alfred Larson subscribed to this viewpoint. He used the classical example of Liebig and agricultural chemistry, but he never suggested how science was actually transferred into industrial

practice.<sup>1</sup> The step just seemed so smooth and self evident.

Sveriges runinskrifter (English: "Sweden's rune inscriptions", ISSN 0562-8016) is a multi-volume catalog of rune inscriptions found in various Swedish provinces. The earliest volume of this ongoing series dates to 1900, and, by 1981, 15 volumes had been published. Sveriges runinskrifter established the standard.
